Dear Lisa,

What a wonderful project you created in your provision of "Carry Ons" for the evacuees of Hurricane Katrina. Because of you, many lives were blessed with these provisions. You have been an inspiration to us at Victim Relief Ministries and on behalf of those we have served, we say thank you. Please express our appreciation to the many who participated in this labor of love.

We have been so privileged also to have McLinda with us during this time of crisis and will miss her but wish her well in her new position.

Serving Him with you...

Gene and Virginia Grounds
